## Overview of the Company

- Adani Wilmar is one of the few large FMCG food companies in India to offer most of the essential kitchen commodities for Indian consumers, including edible oil, wheat flour, rice, pulses and sugar. (Source: Technopak Report) Essential commodities, such as edible oils, wheat flour, rice, pulses and sugar, account for approximately 66% of the spend on essential kitchen commodities in India. (Source: Technopak Report)
- Company's portfolio of products spans across three categories: (i) edible oil, (ii) packaged food and FMCG, and (iii) industry essentials. A significant majority of sales pertain to branded products accounting for approximately 73% of company's edible oil and food and FMCG sales volume for the financial year 2021 (excluding industry essentials which were offered on a non-branded basis).
- As of March 31, 2021, the Refined Oil in Consumer Packs ("ROCP") market share of company's branded edible oil was of 18.3%, putting it as the dominant No. 1 edible oil brand in India (Source: Nielsen Retail Index MAT March 2021). "Fortune", the flagship brand, is the largest selling edible oil brand in India (Source: Technopak Report). The company has also leveraged their brands and distribution network to offer a wide array of packaged foods since 2013, including packaged wheat flour, rice, pulses, besan, sugar, soya chunks and ready-to-cook khichdi. The company is among the top 5 fastest growing packaged food companies in India, based on the growth in revenues during the last five years (Source: Technopak Report). It also offers a diverse range of industry essentials, including oleochemicals, castor oil and its derivatives and de-oiled cakes.
- In recent years, the company has been placing an increasing focus on value-added products, with an aim to
  diversify its revenue streams and generate high profit margins. The value-added products it has launched in
  recent years include functional edible oil products, such as rice bran health oil, fortified foods etc
- As of the date of this Red Herring Prospectus, the company has 22 plants in India which are strategically located across 10 states, comprising 10 crushing units and 19 refineries
- The company has the largest distribution network among all the branded edible oil companies in India (Source: Technopak Report). As of March 31, 2021, the company was present in one out of three households in India with a household reach of 90.51 million through Fortune brand (Source: IMRB).
